

About Us

Subhadra Group was founded in the year 1996 with the aim to provide all building related engineering products & services under one roof for residential, commercial buildings and industries.

We provide complete solutions for HVAC, Electricals, ELV systems for residential, commercial and industrial applications. With 25+ years of technical expertise in these fields, our team strives to give perfect-engineered solutions for every application. Our team has experience of executing projects with leading MNCs and international groups with quality execution and on time delivery.

We deal with world-class brands that are pioneers their respective fields to give the best solution to our clients. We have dedicated service managers for each field of services that we provide to provide 24x7 support for all our installations.

Our vision is to become the most trusted & complete solution provider for Electrical, Air conditioning, Security & Safety, Automation, Entertainment systems for homes, commercial, industries & departments in entire Andhra Pradesh.

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
